For the Mid-Semester General Meeting, which will be held on February 21st, we have arranged for Jamie Purcell of the FSU Office of National Fellowships to speak with us about the scholarships that are available across the country—you may be surprised by how many scholarships you qualify for. Ms. Purcell will also teach you all about the process, including how to apply for different types of scholarships.

Florida State University has some of the brightest students in the country and we have a very good chance to win many of these awards, but we haven't been applying as much as we could. The scholarships range from \$500 to \$10,000. All of the information about the Golden Key regional, national, and international scholarships is on the website (www.goldenkey.org) and will also be distributed at the meeting.

Currently, FSU Chapter offers an Outstanding Senior Member Scholarship and an Outstanding New Member Scholarship, but these have usually been won by executive board members. For that reason, we are announcing the introduction of a new chapter scholarship exclusively available to non-executive Active Members.

The meeting will be held on February 21st, at 7 P.M. in the Skybox on the 8th floor of University Center A and will be informal and familiar. I encourage you all to attend and make the most of this opportunity. Please come with all your questions, an open mind, and because there will be **food and beverage**, your appetites. I would appreciate you to RSVP with your food preference to rsvp@fsugoldenkey.com, but walk-ins and guests are always welcome.

New Spring Scholarship Opportunity!

With the announcement of the new Outstanding Active Member Scholarship, I encourage all of you to not only attend social and service events, but to also get involved in their planning. There are many benefits to being an active member in this organization and the scholarship is only one of them. The chapter leadership is redesigning the active member program and we have already begun changing the requirements as well as the benefits. In addition to the new scholarship, there will be other monetary advantages to participating, which will be announced later.

Active membership is also the best way to gain an advantage over other members when you are ready to undertake a position on the executive board. If you are interested in a position or just want to help out with the organization process, feel free to contact myself or any of the other officers and check the website regularly for any announcements!
